RE: **Three Additional COVID -19 Deaths in Allegany County**
DATE: **January 7, 2022**

News Release:

A 68 Year-Old Female is the 86rd, A 63-Year-Old Female is the 87th, and 68 Year-Old Male is the 88th Allegany County Resident to Pass Away as a Result of COVID-19

The Allegany County Department of Health (ACDOH) is sad to report to our residents and community that there have been three (3) additional COVID-19 related deaths bringing our local total to 88. These deaths, a female age 68, a female age 63, and a male age 68 were due to complications or a consequence of COVID-19. We extend our deepest condolences to the families, and we ask that you respect the families' privacy during this difficult time.

It is important to get your COVID-19 vaccination and/or booster now more than ever. We continue to see hospitalizations and serious illness as a result of COVID-19 among the unvaccinated population. The vaccines have been proven to reduce the incidence of hospitalizations and serious illness among those who are considered fully vaccinated.

If you are looking for a vaccination location, go to www.alleganyco.com, see the Allegany County Department of Health Facebook page, visit www.vaccines.gov, or call the Allegany County Department of Health at (585) 268-9250 for more information.
