Press Release
COVID-19 Statistic Update
Friday, February 5, 2021

In the United States, the COVID-19 virus has infected approximately 26.7 million people, and there have been over 456,000 deaths. According to the New York State Department of Health COVID-19 tracker, there have been 1,449,495 confirmed COVID-19 cases, and there have been 35,920 deaths statewide. As of 3:05 p.m. on February 5, Allegany County's statistics are as follows:

Confirmed Cases: 2,699 (14 new)
Recovered Cases: 2,526
COVID-19 Related Deaths: 54 *(Depending on reporting times and agencies, this figure may vary between different reports.)*
Total Quarantined/Isolated to Date: 9,980
Released from Quarantine/Isolation: 9,460
Currently Quarantined/Isolated: 520

Effective February 3, the Allegany County Department of Health will begin reporting statistics via a County Dashboard at https://arcg.is/0KGnyu. While we will continue to send press releases with the daily statistics for approximately a week, we are transitioning to this means of reporting in an effort to provide the most accurate and up-to-date information in conjunction with the NYSDOH statistics as some entities report directly to New York State and not to the County Health Department. You will notice that some statistics will migrate to the NYS reported numbers (to include deaths, tests administered, etc.) in an effort to mitigate discrepancies between data sets.

If your life or someone else is in imminent danger, call 911. If you are in crisis and need immediate help, 6please contact the following resources:

COVID-19 Emotional Support Hotline: 844-863-9314
