Re: No Quarantine For Those Who Are Fully Vaccinated
Date: May 13, 2021

News Release: No Quarantine For Those Who Are Fully Vaccinated

No quarantine for those who are fully vaccinated, says the New York State Department of Health.

If you are exposed to someone who is positive for COVID-19 and you do not have any symptoms of COVID-19, you do not need to quarantine for 10 days if you are fully vaccinated. This moves us toward getting Allegany County and New York State "Back to Normal" sooner.

Please note if you have been positive in the past for COVID-19 you only have a 90-day period of time that you do not need to quarantine for 10 days if you are exposed to a positive COVID-19 person.

For more information about COVID-19 vaccinations call the Allegany County Department of Health at 585-268-9250 and press #4.

Let's Get Allegany County "Back to Normal" Sooner! Get Vaccinated!
