News Release: Allegany County Dashboard Transitions From Daily To Weekly Updates

Throughout the pandemic, Allegany County has been updating the COVID-19 statistics on a daily basis. This data shows the total number of new cases each day, total number of individuals under quarantine, information regarding vaccinations, and more. Starting Tuesday, July 6, 2021, and then every Monday/Tuesday thereafter, Allegany County will update the data on a weekly basis.

You can find this information by going to www.alleganyco.com and then clicking on the blue COVID-19 Data Dashboard button. The positive case counts are continuing to slow, and we thank the community for their efforts throughout the pandemic to help keep our residents safe and healthy. We hope this trend continues in the right direction, and you can do your part by getting yourself vaccinated.

Please call the Allegany County Department of Health at 585-268-9250 and press #4 with questions or to schedule an appointment for your COVID-19 vaccine.

Get Vaccinated!
