Provisional opening for Junior Engineer

Salary \$30.9548 to \$42.8487/hr.

The Allegany County Department of Public Works is seeking qualified candidates for the provisional position of Junior Engineer. This is an important and highly responsible position which involves the performance and supervision of moderately complex engineering tasks in the County Public Works Department and the preparation and maintenance of related records and reports. Supervision is received from the County Superintendent of Public Works and/or Deputy Public Works Superintendents with leeway allowed for the exercise of independent judgment on ordinary questions of procedure and order of tasks. Supervision is exercised over the work of engineering personnel and other Department of Public Works crews working on Public Works projects. Does related work as required.

MINIMUM QUALIFICATIONS: Graduation from High School and either:

- A. Graduation from an accredited four (4) year college or university recognized by the New York State Department of Education with a Bachelor's Degree in Civil Engineering AND one (1) year of experience in Civil Engineering*; OR
- B. Associates Degree in Civil Engineering AND three (3) years of experience in Civil Engineering*.

SPECIAL REQUIREMENT: Eligibility for the proper motor vehicle license required for the position; possession of the license at the time of appointment.

*Civil Engineering involving the planning, design, construction and maintenance of structures such as bridges, highways and other means of transportation

**** Residency -Candidates must be residents of Allegany County or a contiguous county for at least one month prior to the date of exam.**

Interested candidates may submit a complete Civil Service application to the Human Resource/Civil Service Department. There is no fee at this time.
