Scopes / Subjects of examination: A test designed to evaluate knowledge, skills and /or abilities in the following areas.

Name and number checking

These questions test for the ability to distinguish between sets of words, letters, and/or numbers that are almost exactly alike. Material is usually presented in two or three columns, and you will have to determine how the entry in the first column compares with the entry in

the second column and possibly the third. You will be instructed to mark your answers according to a designated code provided in the directions.

Preparing written material

These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.

Understanding and interpreting written material

These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions **only** on what is presented in the passages and **not** on what you may happen to know about the topic.

Working with office records

These questions test your ability to work with office records. The test consists of two or more sets of questions, each set concerning a different problem. Typical record keeping problems might involve the organization or collation of numerical data from several sources; maintaining a record system using running balances; or completion of a table summarizing data using totals, subtotals, averages and percents. **You should bring with you a hand-held battery- or solar-powered calculator for use on this test.** You will **not** be permitted to use the **calculator** function of your **cell phone**.
