- The reason for this is to let us know that the person no longer lives here- send us their new address so we can get them corrected in our system.
- An example of how it doesn't work is when a child has grown & moved out. The parent will say "Oh no worries", but what it means is they either can't vote in their correct poll site or are breaking the law by voting in the wrong poll site.
- This is why these cards are sent-they are a address verification that is required by law.

If you bring this card on Election Day this bar code can be scanned to make the process faster.

- If you have not notified the Board of Elections of your change of address, you may vote by affidavit ballot at your new polling place on Election Day, and have your records updated at that time.
